CERTIFICATION

Specialization in Python
20 Week Certification
NPTEL (IIT MADRAS)/ University of Michigan

Chat Bot Developer
Whatson Chatbot/ Rasa Chatbot
IBM Certification/Cousera

Android Developer
Coursera

Java Beginner Certification
Mumbai

Machine Learning
20 Days Certification
HSNC University

GIT
Certified GIT Practitioner
GITLAB

SQL-Injection
Ethical Hacking
Udemy

Computer Network
Beginner Certification
Mumbai

EDUCATION

Bachelor of Engineering (Computer Science)
2016-2020

Laxmi Institute of Technology, Sarigam, Gujarat– Gujarat Technological University
8.3 CGPA, FIRST CLASS

RELEVANT COURSEWORK: C, C++, Core JAVA, DBMS, PYTHON, AI, Computer Graphics, Android MCWC, Data Structures, Web Designing, Network Security, Software Engineering.

KEY ACHIEVEMENTS: IIT BHU - Codefest'19 Hacking, Volunteered a Business Event JUGAAD, Computer Quiz Event- C-QUEST , Member of the Society of Digital Information and Wireless Communication (SDIWC), Co-Ordinator in Event Paper Presentation

Class 12th
2016

Shree Swaminarayan English Medium School – C.B.S.E Board
62.2 %, FIRST CLASS
RELEVANT COURSEWORK: Informatics Practices, Physics, Chemistry, Mathematics.

Class 10th
2014

Shree Swaminarayan English Medium School – C.B.S.E Board
81.7 %, FIRST CLASS
RELEVANT COURSEWORK: Science, Mathematics.

INTERNSHIP/PROJECT

Vinayavish LLP
2020
Junior Software Developer

xBook– Student's Old Book Online Exchange System
Tech: : HTML5, CSS3, PHP | Team Size: 2
Modules Delivered: User Login & Registration, Support Page to Contact Admin, DB Design and Data Upload

Personal Assistant– Speech Recognition Based Assistant
Tech: : Python, Pyttsx3, Speech Recognition Library| Team Size: 1
Modules Delivered: Speech Recognition, Text to Speech Engine

Python Essentials– Python Mini Project
Tech: : Python, Tkinter | Team Size: 1
Modules Delivered: Calculator, Digital Clock, Diwali Celebration, Light patterns. Tic-Tac-Toe, Typing Speedometer, Vowel Remover.

Laxmi Institute of Technology
2020
Final Year Project

Speak.ly– Indian Sign Language Communication System
Tech: : MATLAB, .NET, Database, Tensorflow | Team Size: 4
Modules Delivered: Gesture Recognition, Frame Fetching, Hand Segmentation, Background Processing, RGB2GREY Conversion, Skin Detection.

EnPass: The Password Guard– Application to Store Data in Encrypted Form.
Tech: : Android, Firebase, AES-256, javamail API | Team Size: 4
Modules Delivered: Data Encryption, Online Database Storage, CRUD Operation, User Profile Management, Contact Admin, E-Mail Functionality, User Authentication/Validation/Verification, RGB2GREY Conversion, Skin Detection.
